<b>Case/Gig Bag</b>	<input type="radio"/> Good	<input checked="" type="radio"/> Fair	<input type="radio"/> Poor	<input type="radio"/> N/A	<b>Notes</b>	light scuffing

**Repair  
History /  
Additional  
Comments**

No repairs but cosmetically worn. Plenty of various light dings and play wear. Pickguard is also showing signs of warping it's shape, the top is bellying a touch, this is normal, shows that the top is settled in.
